“Changing Lives” We Rise By Lifting Others

The fulfilling feeling of giving back and contributing to society is unparalleled. No one has ever become poor by sharing. It involves a certain amount of giving. It's not how much we give but how much love we put into giving.

As we grow older, we discover that we have two hands - one for helping ourselves and the other for helping others." We all come to the world with the joy of having things, but when we leave this world, we should have experienced the joy of contributing and giving back to the society. That is a mature joy, the real joy. There's nothing more rewarding than giving back and making a difference in the lives of the people in this great community.

Giving is not just about making a donation. It is about making a difference."

🌸 Food Sharing Campaign 97

📍 Slums of Jandiala Guru, Amritsar

Every time we eat food, we should thank the Almighty for being blessed that we have enough to eat. There are countless people who struggle to make their ends meet and scarcity of food at times pulls their morale down.

SimbaQuartz has always been keen to help the people in need. We regularly carry out food sharing campaigns and involve our team mates in the activity to make them aware of the conditions in which many people live. This is also to make them compare and realize, how blessed they are.

Changing Lives

Please Note: We do not have any NGO now. We do not accept any money. Our campaigns are 100% Self Funded. We are trying to spread awareness on food sharing.

Tech School On Wheels Campaign - 27

Slums of Beas, Distt - Amritsar

Education is the best gift. If the education is about something that would help the recipient to build a bright career, it is no less than a treasure.

Tech School on Wheels is one such Corporate Social Responsibility of SimbaQuartz that is imparting computer education and assuring the residents of slums of a secure future with white collar jobs. It gives us immense pleasure and sense of achievement, when we see youngsters coming from these slums to learn advanced computer courses and work like professionals.

🌸 Shoe Giving Campaign- 412
📍 Village-Naraingarh, Amritsar

FEET are PRECIOUS.

To spread awareness regarding the care of feet we have been working hard for about 8 years now. We have visited more than 400 schools and donated over 19,000 pairs of shoes till date. These shoes not just give protection to the feet of the recipient but also boost their mood and bring priceless smiles on their faces.

These Shoe Giving Campaigns are totally self funded by SimbaQuartz and are executed under our CSR wing. This time we visited Government Elementary School, Naraingarh, District Amritsar for the 412th campaign.

🌸 Bags For Blessings Campaign - 56

📍 Village-Naraingarh, Amritsar

Tech School on Wheels is not just a novel idea but also a noble cause. We SimbaQuartzians are so proud that we have been able to teach two of the residents of Beas Slums so well, that they are now able to impart computer education to their own neighbours in the slum. The condition of his school bag, however, showed the darker side of his family conditions. SimbaQuartz recognised his potential as a student and appreciated him for his hard work with a new school bag of blessings. The smile that this bag brought on his face was incredible.

Often when we visit the schools for shoe giving campaigns, we notice that many students carry their books in either torn bags or in some plastic packet etc. During our survey we look for the most needy students, who genuinely need school bags. The chosen students are then given the 'bags of blessings' by SimbaQuartz as per their requirement. This time also three deserving students were given the 'bags of blessings' in our self funded campaign.
