## **“Changing Lives” We Rise By Lifting Others**

The fulfilling feeling of giving back and contributing to society is unparalleled. No one has ever become poor by sharing. It involves a certain amount of giving. It's not how much we give but how much love we put into giving.

As we grow older, we discover that we have two hands - one for helping ourselves and the other for helping others." We all come to the world with the joy of having things, but when we leave this world, we should have experienced the joy of contributing and giving back to the society. That is a mature joy, the real joy. There's nothing more rewarding than giving back and making a difference in the lives of the people in this great community.

Giving is not just about making a donation. It is about making a difference."

**🌸 Food Sharing Campaign 96**  
**📍 Beas Slums, Distt Amritsar**

WHEN YOU SHARE, YOU SHOW THAT YOU CARE!!

SimbaQuartz believes in the concept “Vand Chhako”, as mentioned in Gurbani. So we regularly organize food sharing campaigns for the underprivileged people. On July 10, 2023 we went to the Beas slums and distributed some food to the residents. The smiles on the faces of children and the grown ups too, were priceless. This is our regular activity and is funded by SimbaQuartz company under its Corporate Social Responsibility.

Changing Lives

**Please Note:** We do not have any NGO now. We do not accept any money. Our campaigns are 100% Self Funded. We are trying to spread awareness on food sharing.

## 🌸 Tech School On Wheels Campaign - 25

### 📍 Beas Slums, Distt Amritsar

SimbaQuartz is a company with not just a unique business model but also very different ideas and ways of philanthropy. We believe that financial constraints should not become a hurdle for a bright student. Every child in the slums also has the right to education and computer education should not remain a distant dream for them. To make it possible we send our office bus to the slums of Beas and our staff volunteers impart computer education to the school going children there. We have already picked a few of these children for FREE SimbaCourse and also provide them with bus fare from Beas. They too should grow up to be IT engineers and help their families overcome financial difficulties. Free education can prove better than any financial help. We shall continue to do this service regularly.

Changing Lives

## 🌸 Flood Relief Campaign

### 📍 Village Gatta Mundi Kasu in Lohian, Jalandhar Distt.

The fury of floods badly affected many parts of Punjab and our team at SimbaQuartz shifted our attention to the need of the hour. On Jul 20, 2023. We went to the flood hit areas in Jalandhar District where the administration with the help of Sant Balbir Singh Seechewal ji's help was busy in making a bandh on the huge breach in the Sutlej river. As per the requirements we contributed trolleys of mud and diesel for the machinery that was working 24x7. Most of the employees also contributed money to this noble cause.

## Tech School On Wheels Campaign - 26

### Beas Slums, Distt Amritsar

Tech School on Wheels is not just a novel idea but also a noble cause. We SimbaQuartzians are so proud that we have been able to teach two of the residents of Beas Slums so well, that they are now able to impart computer education to their own neighbours in the slum.

Pradeep and Sahil are brothers and their father works as a cobbler to make ends meet. They both are very sincere and hardworking. Their passion for learning made them stand out and perform so well during the classes that we were compelled to help them further. Now they have been taking FREE technical education at our ISO certified institute SimbaCourse that is known for its practical training. They are now studying REACT and soon will be no less than engineers.
