Food Sharing Campaign Campaign no. - 92

Our 92nd Food Sharing Campaign was held in the month of March in slums of Beas, where our team distributed food to the children and their parents living in Beas slums. Here are some glimpses of our food-sharing campaign. SimbaQuartz has funded the campaign under the company's Corporate Social Responsibility.

Bags of Blessings Campaign 54 Govt Elementary School, Village Kandiala, Distt Tarn-Taran

During our shoe giving campaigns we often saw students in government schools carrying books and other material in some polybag or torn cloth jholas. So SimbaQuartz decided to give school bags to the genuinely deserving students who were more than happy to receive them. With these bags full of blessings for these kids, we wish them a wonderful bright future with education acting as the fuel for it. All our philanthropic activities are self funded.

Tech School On Wheels Campaign no. - 20

Our company has taken a unique initiative to impart computer training to the children living in the slums. In this we conduct computer classes for the children in our company's bus. In the month of March, under this initiative, our team provided computer classes to the children of Beas slums who go to school. Our endeavor and dream is to provide quality education facilities to the children of economically weaker families at our own level as these children deserve it. They too should grow up to be IT engineers and help their families get out of financial difficulties. Free education can prove better than any financial help. We shall continue to do this service regularly.
