

October, 2020

Social Initiatives

SimbaQuartz no longer have an NGO, our social service work has been ongoing since August 2020. Our experience at the NGO has been great too, but now the CEO of SimbaQuartz, Mandeep Kaur Sidhu is able to do the business even better. Together with her business team of about 50 members, it was decided to close the NGO, Smiles Care and carry out its mission at its own expense. In such a decision she sees the respect and esteem of the thousands of women who are committed to setting up a successful business. Her decision was welcomed by every woman who sees herself in Mandeep Kaur Sidhu. The work of all women is an appropriate answer to the sick minded people who question the good deeds done by the organizations. Our team will always support the best performing organizations in every way.

Shoe Giving campaign

The mission to distribute 50,000 shoes is the most important mission of our company SimbaQuartz in which we serve to cover the bare feet of children in different schools and slums. Shoes were distributed to children in slums of Beas this month. So far, the total number of boots has reached 18,400.

Housing

Santosh Kumari, 47, who lives alone with her daughter in Nathu Chahal village in Kapurthala, was looking for some help to build a roof over her house as she could not afford it on her own. She contacted the SimbaQuartz team and after listening to the whole problem we helped them to buy the cement and other building materials required for the construction of the roof.

Health

Chhinda Singh, a resident of Raiya, District Amritsar, reached our office SimbaQuartz for medical assistance. He was injured in an accident but did not have money to pay for his treatment. So our team took him to the doctor for help and paid for his medical assistance.

Financial Aid

a) Manjinder Kaur from Budhatheh village near Beas contacted SimbaQuartz for help as Manjinder Kaur is the sole bread earner in her family who works hard to support her family and raise her 16-year-old son. Manjinder Kaur's husband left her 10 years ago. Manjinder Kaur was working at Dera Beas but lost her job due to lockdown. Due to which both the mother and son did not have any money for food and yet again our team helped them to get rations.

b) As per the promise made to the family of Ram Singh, a resident of village Muchhal, Amritsar, rations would be provided by SimbaQuartz for the month of October.

c) The son of Bhajan Kaur of village Tangra, Amritsar died in a road accident. Bhajan Kaur is living with her daughter-in-law and 2 grandchildren, there is no one to earn in the family. Bhajan Kaur is elderly, her daughter-in-law is physically handicapped and both the children are young. Our team promises financial support to them every month.

d) In addition to the current situation where farmers are protesting day and night against 3 agricultural laws for their rights. We consider it necessary to support the farmers in one way or another. The farmers sitting on the dharna need rations and many other things. So, through the Fauja Singh Bhullar Memorial Trust (Reg.), we helped them get some essential groceries.

Education

SimbaQuartz strives for the betterment and welfare of the society and in this fact spreading the light of education is a vital step for the development of the nation. With this important topic in mind, we have decided to provide a free computer training course to both the grandchildren of Bhajan Kaur so that they too can become capable of learning new skills.

SimbaQuartz has provided school stationery and school uniform to Ram Singh, a 9th class student of village Muchhal, Amritsar. Apart from this, the company is providing computers, mobiles and other facilities for online study to Ram. The talented team members of SimbaQuartz help him in his studies so that there is no hindrance in his studies.

Skill development

In addition, SimbaQuartz is providing continuous computer training to the children of Tangra village. Upasana, Gurpreet Kaur, Kulwinder Kaur and Varinder Singh These four students are learning continuous computer training courses daily from 9 am to 6 pm, all four of them have completed basic computer education and have now reached new heights of learning Html, Webflow and CSS.
